## My Family Immigration Story

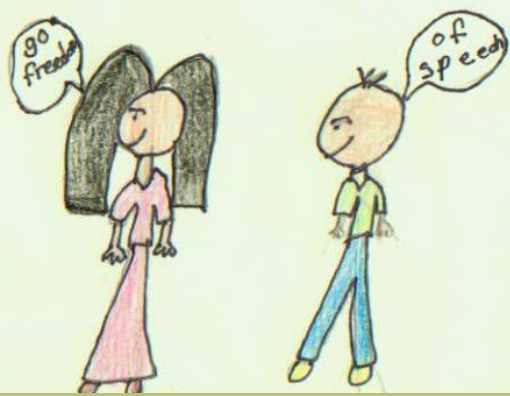

My mom came in a boat with my dad because there was a war in Vietnam.

When we got in Texas my mom and dad did not know English.

My parents liked freedom of speech and freedom of religion in America.

My dad is an American citizen. But my mom isn't yet.

My mom gave birth to me and my sister when she came to the U.S.A.

My dad knows English so my dad has a job and makes lots of money now.
